

CROWN AND BRIDGE WORK

Comes nearer to nature than any other operation in dentistry. Nature puts teeth in without plates. That is what our experts in crown and bridge work do. This work, to be of service, must be properly done and requires the education of a dentist and the skill of a jeweler. Hence the importance of a specialist, whose work is cheapest because it looks the best and lasts the longest.

In that period the foreign commerce of the United States has grown from \$1,540,000,000 to \$2,636,000,000 an increase of 71 per cent. The imports have grown from \$732,000,000 to \$1,118,000,000, an increase of 53 per cent, and the exports from \$808,000,000 to \$1,519,000,000, an increase of 88 per cent.

The importation of food and live animals increased 17 per cent, crude articles for use in manufacturing, 93 per cent; articles manufactured wholly or partially for use in manufacturing 72 per cent; articles manufactured ready for consumption 19 per cent. In exports, products of agriculture increased 48 per cent, products of mining, 175 per cent; manufactures 16 per cent; products of the forests 117 per cent; products of the fisheries 36 per cent, and miscellaneous 66 per cent.

WHEAT CROP GOOD

But Owing to Decrease in Acreage the Crop in Ohio Will Be Smaller Than Usual.

Columbus, O., July 8.—Ohio wheat reaches the harvest showing 95 per cent of average condition for a number of years, according to the monthly report of the state board of agriculture, just issued. But owing to heavy shortage of acreage, this high average condition will not bring the total yield of the state up to an average. The condition of oats is placed at 76 and corn at 85 per cent. The corn area of the state is 63,000 acres short of 1905.

WIFE'S MUSIC

Was Criticized by Melvin, and She Sues Him for Divorce.

Akron, O., July 8.—Because he didn't like his wife's music Sherman A. Melvin a well known local business man, poked fun at her. This angered her, and quarrels, and finally fights, occurred. The wife started a suit for divorce. She says her husband was so angry at her that he punished their little child without cause by whipping and locking him in a cold room on a winter day, all to torture her.

State Convention of C. K. of A.

Toledo, July 8.—The state convention of the Catholic Knights of America, will be held in this city August 6 and 7. An enthusiastic meeting of the local committee of arrangements was held recently and the committee organized by electing Mr. Leopold Kreig, chairman; Mrs. Mary Wolfgang, secretary, and Mr. Frank Miller, treasurer. The various forms of entertainment for the delegates were discussed, and by a unanimous vote it was decided to invite the Supreme President, Dr. Felix Gaudins, of New Orleans, to be present and give an illustrated lecture on the first evening of the convention. For Tuesday evening a moonlight ride to Lake Erie on the handsome steamer Greyhound, will be the attraction.

BREAKDOWN FEARED

Young Millionaire Murderer in State of Nervous Collapse—Harry Thaw's Sunday Was Like That of Others at the Tombs.

New York, July 8.—Harry Kendall Thaw, millionaire murderer of Stanford White, passed a quiet and somewhat uncomfortable day in the Tombs prison. He had no visitors, the department of corrections seeing no reason to modify the regulation which forbids visitors to the prison on Sunday. Thaw was permitted the usual exercise period in the corridor and also in the jail yards, and spent quite a little time reading an accumulation of mail, which was turned over to him by the warden.

Former Judge Olcott, counsel for Thaw, returned from Philadelphia today, but declined to make any statement as to the object of his visit there. Rumor had it that he went to

the Quaker City to investigate certain reports which had reached him regarding White and Mrs. Thaw and he had nothing to say.

Thaw is apparently becoming decidedly nervous under the strictures of prison confinement and he complained bitterly today of the heat of his cell. Trifles seem to irritate him and his general condition is such that his closest friends fear a complete nervous breakdown.

Dr. McGuire, the Tombs physician, had a chat with him this morning, but whether he was called professionally or not cannot be ascertained.

Thaw is a model prisoner in every respect and lives up to the rules and causes no trouble.

CANTON WITNESS

Called to Testify in Akron Treasury Muddle That the Vaults Were Not Safe.

Akron, O., July 8.—Examiners at work in the affairs in the county and city treasury say that if developments continue as they have there will be no other course to pursue than to begin prosecutions.

Treasurer Smith telegraphed to Canton for an officer of the Diebold Safe Co., who came and after an examination of the treasury vaults signed an affidavit that the vaults are not fit to contain any money of any amount.

Numerous notes were presented to Smith for explanation at the session Saturday. They included several involving the failure of the Akron Savings bank, one of which was for \$16,000, and signed by William Buchtel, president of that institution.

CANTON MEN

Will Invest Money in a Fine New Opera House at Akron—Building to Cost \$150,000.

Akron, O., July 8.—The Grand Opera House, destroyed by fire over two years ago, will be rebuilt at the present site on North Main street. It will be ready for opening October 1.

The Grand Opera House Co. was incorporated at Columbus with a capital of \$150,000 to build the Grand Opera House at Akron, and to purchase, lease and sell real estate in other cities. The incorporators are J. W. Albaugh and John C. Welty, of Canton; C. H. Kennedy, of Youngstown; F. B. Theiss and T. K. Albaugh, of Akron.

The new theatre will have a seating capacity of 1,500. One very desirable phase of its construction is that there will not be a post in the entire auditorium. It will contain a balcony and gallery and a number of boxes.

Mr. Albaugh has been working on the plans for the theatre ever since the burning of the old Grand, and his Akron friends are congratulating him upon the enterprise.

Man and Boy Both Heavily Fined at Cadiz.

Cadiz, July 8.—Brough Mallernee, a baker, was fined \$200 and costs for furnishing liquors, and a boy named Nixon, for whom Mallernee brought the beer from Adena, and who is said to have sold the beer on the Fourth, was fined \$100 and costs.

The authorities say the traffic must cease, and it is expected that persons telephone and in many cases the persons in Cadiz from various breweries and wholesale liquor houses will be caught. Liquor is ordered by mail and telephone, and in many cases the persons sending are under age.

WHOLE STATE DRY

Not a Glass of Intoxicants Sold by a Licensed Saloon in New Jersey.

Jersey City, July 8.—The highest ambition of the temperance reformer has at last been attained and for the first time in its history the state of New Jersey was dry today. There was not a glass of intoxicants sold in a regularly licensed saloon in the state during the day, according to advices received here tonight, and the victory of the reformers is a most complete one. The cause has been the enforcement of the new Sunday closing law, enacted at the last session of the New Jersey legislature and which went into effect for the first time today.

SUDDEN DEATH

Of Alliance Women From Heart Disease—Funeral Sunday.

Special to Morning News.
Alliance, July 8.—Funeral services were conducted Sunday afternoon for Mrs. James Hall who died suddenly Thursday afternoon. Rev. C. N. Church was in charge. Mrs. Hall, with her husband and son, had spent the Fourth at Canton and Thursday she made no mention of being ill. She walked into the bath room and a few minutes afterward was found dead by a lady who is staying at the Hall home. Coroner March gave his opinion that death was due to heart failure. An empty envelope in which had been some sample headache remedy was found and this gave rise to the theory that Mrs. Hall might have suffered from headache but not mentioning it, took some of the remedy which might have caused heart depression.

The funeral of Nathaniel Baldwin, who for the past 25 years had been employed by the Pennsylvania company, was held Sunday afternoon and largely attended.

LAST OF AUGUST

Is the Time the Democratic State Convention Will Be Held.

Columbus, O., July 8.—State Chairman Frank Harper will call a meeting of the Democratic central committee for July 18 or 19, and the convention will likely be held August 28 and 29.

It is said that Harvey Garber, the only Democratic congressman from Ohio, will be made chairman, although he may find much opposition for the honor. Mayor Johnson, of Cleveland, Mayor Badger, of Columbus, Mayor Dempsey, of Cincinnati, or Mayor Whitlock, of Toledo, may be selected.
